

ANNUAL REPORT 2026–27

The S.D. Vidya School, Ambala Cantt

"Education is not merely the acquisition of knowledge but the development of character, competence and compassion."

It gives me immense pleasure to present the Annual Report of The S.D. Vidya School, Ambala Cantt., highlighting the significant achievements and milestones of the academic session 2026–27. This year has been a remarkable journey of academic excellence, innovation, holistic development, and unwavering commitment to the vision of the National Education Policy 2020.

The school continued its pursuit of excellence by creating a learner-centric environment where every child was encouraged to explore, innovate, collaborate and excel. Through the collective efforts of our dedicated teachers, enthusiastic students, supportive parents and visionary management, we have strengthened our commitment to providing quality education that nurtures responsible global citizens.

Academic Excellence

Academic excellence remains the cornerstone of our institution. The school successfully implemented competency-based teaching-learning practices aligned with the latest CBSE curriculum and NEP 2020. Inquiry-based learning, experiential activities, multidisciplinary projects, and technology-enabled classrooms enriched classroom instruction and promoted critical thinking and problem-solving among learners.

Regular assessments, remedial programmes, enrichment classes, and continuous feedback ensured that every learner progressed according to their individual potential.

Capacity Building of Teachers

Recognising that empowered teachers build empowered learners, our faculty actively participated in CBSE Capacity Building Programmes, workshops, seminars and professional development sessions throughout the year. Teachers enhanced their pedagogical skills in competency-based education, artificial intelligence, experiential learning, classroom assessment and inclusive education.

The school also had the privilege of hosting CBSE Capacity Building Programmes, benefiting educators from numerous schools across the region and promoting collaborative professional learning.

Science and Innovation

In accordance with the vision of the new NCERT curriculum, students actively engaged in scientific investigations, inquiry-based activities, STEM learning and innovation projects. Laboratories remained vibrant centres of experimentation where students learned through observation, exploration and discovery.

Science exhibitions and innovation activities nurtured creativity, scientific temper and research aptitude among learners.

Co-curricular Activities

True education extends beyond textbooks. Throughout the year, students enthusiastically participated in literary, cultural, artistic and creative activities including:

- Debates
- Declamation
- Quiz Competitions
- Creative Writing
- Poster Making
- Art and Craft
- Music and Dance
- Theatre and Dramatics
- Yoga

Environmental Awareness Programmes

These activities provided platforms for students to develop confidence, leadership, communication skills and creativity.

Sports and Physical Education

Physical fitness and sportsmanship remained integral to school life. Students participated enthusiastically in athletics, yoga, taekwondo, handball, basketball and various indoor and outdoor sports competitions.

The school continued to encourage healthy competition, discipline, teamwork and resilience through structured sports programmes and inter-school competitions.

Leadership Development

The Student Council functioned effectively throughout the year under the guidance of the school administration. The Investiture Ceremony instilled values of leadership, responsibility, integrity and service among student leaders who carried out their duties with sincerity and dedication.

SDV Model United Nations (SDV MUN)

One of the most prestigious events of the year was the successful organisation of the 11th SDV Model United Nations, which witnessed participation from more than 400 delegates representing nearly 50 schools. The event provided students with an exceptional platform to develop diplomacy, leadership, research skills, public speaking and global awareness.

The programme received widespread appreciation from distinguished guests, educators and participating institutions.

Safety and Student Well-being

The safety and well-being of every child remained our highest priority. Regular fire safety drills, disaster management awareness programmes, health check-ups, counselling sessions, cyber safety awareness programmes and value education initiatives were organised to ensure the holistic development of students.

Special emphasis was placed on creating a safe, inclusive and emotionally supportive learning environment.

Community Outreach

The school actively participated in social responsibility initiatives including environmental conservation drives, cleanliness campaigns, tree plantation programmes, awareness rallies and charitable activities, nurturing empathy and responsible citizenship among students.

Infrastructure Development

The school continued to strengthen its infrastructure by improving learning resources, upgrading classrooms, enhancing digital teaching facilities and developing student-friendly infrastructure. Continuous efforts were made to provide a safe, modern and stimulating educational environment.

Parent Partnership

The school believes that education flourishes through meaningful collaboration between parents and teachers. Regular Parent-Teacher Meetings, orientation programmes and continuous communication strengthened this partnership, ensuring the holistic development of every child.

Gratitude

The remarkable achievements of this year have been possible because of the visionary guidance of our respected Management, the unwavering commitment of our dedicated faculty, the wholehearted support of our parents and, above all, the enthusiasm and determination of our students.

I extend my heartfelt gratitude to every stakeholder for their trust, cooperation and contribution.

As we move forward, The S.D. Vidya School, Ambala Cantt. remains committed to nurturing confident learners, compassionate citizens and responsible leaders who are prepared to meet the challenges of the twenty-first century with knowledge, integrity and excellence.

"Together, we learn today to lead tomorrow."

Mrs. Bhavna Bhanot
Principal
The S.D. Vidya School, Ambala Cantt.
